# ***Informed Consent to Physical Therapy and Care***

I hereby request and consent to the performance of physical therapy treatments and other procedures within the scope of the practice of physical therapy on myself by the physical therapists, physical therapist assistants, aides, or anyone working as an employee for Complete PT Pool & Land Physical Therapy, Inc. who now or in the future treat me.

I understand that methods of treatment may include, but are not limited to, ultrasound, phonophoresis, electrical stimulation, iontophoresis, joint mobilization, soft tissue mobilization, manual stretching, and active exercise on land and/or in the pool. I understand that I must disclose all my medical conditions in order for the safest method of treatment to be enacted.

I have been informed that physical therapy is generally a safe method of treatment, but I may have some side effects, including skin rash, bruising, muscle soreness, pain, fatigue, numbness or tingling. Unusual risks of physical therapy include fracture, nerve damage, joint dislocation, fainting, myocardial infarction, paralysis and death. There is a risk of infection, although the clinic maintains a safe and clean environment. Burns and/or scarring are a potential risk of iontophoresis, ultrasound, phonophoresis, heat, ice, and taping. I understand that while this document describes the major risks of treatment, other side effects and risks may occur. I understand that some modalities and exercises may not be appropriate with other medical conditions including coronary artery disease, hypertension, cancer or pregnancy and I will notify a clinical staff member if I have a history of, currently have, or am newly diagnosed with any conditions while under CompletePT Pool & Land Physical Therapy's care.

I have been instructed to wear closed pool shoes to and from the pool as well as in the locker room for my

safety. I do not expect the clinical staff to be able to anticipate and explain all possible risks and complications of treatment, and I wish to rely on the clinical staff to exercise judgment during the course of treatment which the clinical staff thinks best at the time, based upon the facts then known in my best interest. I understand that results are not guaranteed.

I understand the clinical and administrative staff may review my patient records and lab reports, but all my records will be kept confidential. CompletePT Pool & Land Physical Therapy may disclose protected health information about me to carry out treatment, payment and healthcare operations. I give permission to CompletePT to release my records to my referring physician and my primary care physician. I will refer to HIPPA guidelines for a more complete description of such uses and disclosures. I understand the clinic may call my home or other designated location and leave a message via voicemail or in person in reference to any items that assist in carrying out my care, such as appointment reminders, insurance, prescription information, etc. The clinic may also contact me via mail to my home or other designated location, with information regarding my care. I have the right to request information be restricted, however I understand that my request may be denied if it interferes with my care.

By voluntarily signing below, I show that I have read, or have had read to me, the above consent to treatment and release of information. I have been told about the risks and benefits of physical therapy and other procedures and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.

**Patient or Representative Signature:** \_\_\_\_\_ **Date:** \_\_\_\_\_

I verify that I have informed the patient of the above information and he/she appears to have a clear understanding of the risks and benefits of physical therapy as well as the privacy policies held by CompletePT Pool & Land Physical Therapy, Inc.

# Arbitration Agreement

CompletePT Pool & Land Physical Therapy, Inc. ("CompletePT") believes arbitration to be a faster and more efficient means of resolving disputes than a court proceeding. For this reason, prior to receiving treatment or services from CompletePT, we request that the undersigned patient ("Patient") agree to binding arbitration as provided herein. Patient acknowledges that he or she is free to seek treatment or services from another health care provider, including one that may not require patients to sign an arbitration agreement, and that he or she has freely made his or her own independent decision as to whether or not he or she should sign this Agreement.

**Article 1: Agreement to Arbitrate:** It is understood that any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently, or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional rights to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration. It is the intention of the parties that this Agreement shall cover all medical malpractice disputes, whether such disputes arise out of the course of treatment for Patient's current condition, or out of the course of treatment for any future condition(s) for which Patient seeks treatment.

**Article 2: All Claims To Be Arbitrated:** In addition to medical malpractice disputes, Patient and CompletePT agree that all disputes between the parties, except for certain small claims described in Article 3, including but not limited to those related to the fees charged or collected by CompletePT, CompletePT's business practices, incidents occurring on the premises of CompletePT, or any other type of dispute between the parties, shall be determined by submission to arbitration as provided by this Agreement.

**Article 3. Binding on All Parties; JAMS Arbitration.** It is the intention of the parties that this Agreement bind all parties

whose claims may arise out of or relate to treatment, care or services provided by CompletePT and its physical therapists, physical therapy assistants, physical therapy aides and any other individuals or entities employed or engaged by CompletePT. This Agreement shall bind Patient, any spouse or heirs of Patient and any children, whether born or unborn, at the time of the occurrence giving rise to any claim. In the case of any pregnant mother, the term "Patient" herein shall mean both the mother and the mother's expected child or children.

All claims for monetary damages against CompletePT and/or any of its shareholders, officers, directors, successors, assigns, employees, independent contractors, agents and representatives must be arbitrated, whether such claims arise under Article 1 or Article 2. Any demand for arbitration must be submitted to JAMS in accordance with applicable JAMS rules and procedures, and judgment on the award rendered may be entered in any court having jurisdiction thereof. Such arbitration shall be held before a single arbitrator in Los Angeles County, California. However, with respect to claims that are for \$5,000 or less, other than medical malpractice claims described in Article 1, either party may file an action in the Small Claims Court division of a California court of competent jurisdiction to adjudicate such claim.

**Article 4: Revocation.** This Agreement may be revoked by written notice delivered to CompletePT within 30 days of signature.

I understand that I have the right to receive a copy of this Agreement. By my signature below, I acknowledge that I have received a copy.

**NOTICE: BY SIGNING THIS CONTRACT YOU ARE AGREEING TO HAVE ANY ISSUE OF MEDICAL MALPRACTICE DECIDED BY NEUTRAL ARBITRATION AND YOU ARE GIVING UP YOUR RIGHT TO A JURY OR COURT TRIAL. SEE ARTICLE 1 OF THIS CONTRACT.**

ELDER ABUSE SUSPICION INDEX © (EASI)			
<b>EASI Questions</b>			
<b>Q.1-Q.5 asked of patient; Q.6 answered by doctor</b>			
<b>Within the last 12 months:</b>			
1) Have you relied on people for any of the following: bathing, dressing, shopping, banking, or meals?	YES	NO	Did not answer
2) Has anyone prevented you from getting food, clothes, medication, glasses, hearing aides or medical care, or from being with people you wanted to be with?	YES	NO	Did not answer
3) Have you been upset because someone talked to you in a way that made you feel shamed or threatened?	YES	NO	Did not answer
4) Has anyone tried to force you to sign papers or to use your money against your will?	YES	NO	Did not answer
5) Has anyone made you afraid, touched you in ways that you did not want, or hurt you physically?	YES	NO	Did not answer
6) Doctor: Elder abuse <u>may</u> be associated with findings such as: poor eye contact, withdrawn nature, malnourishment, hygiene issues, cuts, bruises, inappropriate clothing, or medication compliance issues. Did you notice any of these today or in the last 12 months?	YES	NO	Not sure

The EASI was developed\* to raise a doctor's suspicion about elder abuse to a level at which it might be reasonable to propose a referral for further evaluation by social services, adult protective services, or equivalents. While all six questions should be asked, a response of "yes" on one or more of questions 2-6 may establish concern. The EASI was validated\* for asking by family practitioners of cognitively intact seniors seen in ambulatory settings.
